NEW YORK, June 13.—Some hesitation was manifest in to-day's stock market after the violent recovery in prices of yesterday and the day before from the extreme depression of Wednesday, Many of the principal active stocks have regained from 3 to 7 points during the two days. The effect has been to lessen the investment demand from bargain-hunters and to develop some selling pressure from the speculative conlingen which was fortunate enough to secure stocks at this eow level. This office to day, and took advantage of the strong bank of the stock of the s

### Wall Street Gossip. (Special to The Times-Dispatch.)

(Special to The Times-Dispatch.)

NEW YORK, June 18.—The opening on the
Block Exchange was rather heavy in sympathy
with the decline in London, and the belief among
a large section of traders that the raily had
been rather too rapid. It was even said that a
number of people who had been warned to ruduce their accounts had been given that opportunity of getting out without further loss.

BALTIMORE & OHIO:

Baltimore and Ohio acted well and showed as much strength as anythink. It is probable that at least one weak account has been thoroughly ilquidated, while prople intouch with the Peun-ylvania interest have been considerable buyers for investment.

PEOPLE'S GAS:

People's Gas showed a heavy tone and indinated rather plainly that the source of strength
sad been almost entirely the short interest.
Thicago advices did not confirm the rumor of a
reduction in the dividend, but it is certain
that some of the recent selling has been very

HOULD IMPROVE GRADUALLY:

The Gould brokers seemed to be selling at keast as much stock as they bought, and that interest at present is very conservative. It seems to share the general belief that the marret should improve gradually, but is not going to turn into a strong bull market in a day.

DANADIAN PACIFIC QUIET:

OANADIAN PACIFIC QUIET:
Canadian Pacific was quiet, but the raily in
the Soo Issues and Twin-City was very satisfactory. The removal of the Ames induced has,
recording to the best Canadian authorities, done
i good deal to strengthen their markets.

MALGANATED COPPER FIRM:

Amalgamated Copper was firm on the improvement in copper stocks in London. It was laimed in the street that the Lewischn interest lad maken the long side again.

BOCKING VALLEY ADVANCED: BOCKING VALLEY ADVANCED:
The sharp advance in Bocking Valley merely represented a restoration to the price obtaining scheming the proposed transfer of the property to a least multioned. Complete street by the Vanderblits was the favorite rumor, but there is reason to think that the old plan of a division between Pennsylvania and the other interest will not be departed from.

THE BANK STATEMENT: THE BANK STATEMENT:

The bank statement was quite as good as was spected. To liquidation of the sarly part of the sarly
